CITY
UNIVERSITY

Programs Offered

Students can choose from the following specializations

1.International Business

2.Business Management

3.Operation Management

4.Leadership

5.General Management

The Master of Business Administration (MBA) program at City University Malaysia is a transformative 12-month journey designed to bridge the gap between academic theory and executive leadership. Built on a foundation of practical learning, the curriculum leverages real-world case studies and industry-driven projects to prepare students for the complexities of the modern marketplace. A significant hallmark of the program is its emphasis on research-based knowledge, where students develop critical analytical skills through modules like Research Methodology, culminating in a substantial project paper or dissertation. Furthermore, the program provides extensive global business exposure through an internationalized curriculum and a diverse student body, fostering the cross-cultural competencies essential for navigating today's borderless economy.
